

## John McGuire Guitars

### VALLEY PRO

The John McGuire Guitars, "Valley Pro" Is built in the USA by John McGuire. The "Valley Pro" is an homage to the great guitars created in the 1980's and 90's by his father Mike McGuire, of Valley Arts fame. It is definitely clear to see, hear and feel the connection between generations instilled in the "Valley Pro".

John hand crafts each "Valley Pro" with great attention to detail, determination, and experience to ensure the quality of every "Valley Pro" is evident as soon as you get it in your hands. Some would say the McGuire Luthier legacy definitely has a high bar and John has hit it hard with the "Valley Pro".

John builds to your liking with your choice of woods, finish, hardware and other custom appointments. Inquire at: [john.mmijmg@gmail.com](mailto:john.mmijmg@gmail.com) or download your custom order form at [www.johnmcguireguitars.com](http://www.johnmcguireguitars.com)
