

# LARRY CARLTON

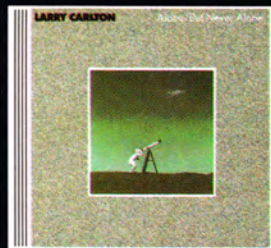

# Discovery

*The latest from the greatest!*

"Discovery," the second album. Featuring the acoustic guitar of Larry Carlton. Hear the master turn up the heat *acoustically* with the help of saxman Kirk Whalum, drummer Rick Marotta, bassist John Peña, percussionist Michael Fisher and Terry Trotter on keyboards. Plus: special guest Michael McDonald in a killer remake of the Doobie's classic "Minute By Minute"; a rave-up version of "Knock On Wood" and seven L.C. originals. Prepare yourself for a clinic in electric and acoustic guitar artistry when L.C. tours America this fall.
